CEROC FEVER

On your 6th night grab the teacher for a dance (if they don't manage to ask you first!) to get your Beginners Certificate!

The Guarantee Terms and Conditions

- 1) You must attend all the 5 sessions within an 8 week period of your 1st starter session
- 2) You must take part in both the Beginners Class and Beginners Review Session each time you attend and dance from the advertised start and ending times.
- 3) You must dance with a Taxi Dancer or Teacher each night in the main room freestyle every night you attend. They'll really help you progress with this 1:1 time!
- 4) For the guarantee to be authorised, you must dance with a teacher on your 6th visit, within the expiry period and make it known to them that this is your 6th visit. If they can't make you look good, then your Guarantee kicks-in!

This guarantee expires after 4 months from the date of your 1st visit to Ceroc. (That's roughly 16 nights).
